## **Cranna Establishes Evening Office Hours for Constituent Issues**

*Tivoli...* Village of Tivoli Mayor Bryan F. Cranna announced today that he will reserve Tuesday evenings in his schedule at the Tivoli Village Hall for the purpose of meeting with Tivoli residents, as well as community and business leaders. In addition to being in Village Hall at various times throughout the week and weekends, Tuesday evenings between the hours of 6PM and 8PM will be set aside specifically to meet with residents, and to hear what concerns they have as well as hearing their ideas and suggestions for Tivoli.

Mayor Cranna stated, "It is my hope that residents will take advantage of this opportunity to meet with me. If an issue is important to them, then it is important to me."

Cranna continued, "In order for Tivoli to reflect those that call our community home, the opinions and ideas of those I represent must be heard. I am looking forward to expanding upon the strong sense of communication that I feel I have established during my tenure in village government.

As a Trustee, Cranna also established office hours in the village hall to meet with residents.
